

Sustainergic Tech - Corporate Credentials

Sustainable Engineering, Green Building Advisory & HVAC Solutions

1. Corporate Overview & Accreditations

Sustainergic Tech Pvt. Ltd. is India's leading sustainability advisory and MEP engineering firm. Accredited by USGBC, IGBC, BEE, and ASSOCHAM GEM with 100+ executed projects nationwide. Headquarters: Jaipur, Rajasthan | Branch: Zirakpur / Chandigarh | Web: sustainergictech.in

2. Core Engineering Capabilities

Green Building Certifications: USGBC LEED Platinum/Gold, IGBC, GRIHA 5-Star, and WELL Standards.
Advanced Building Physics: 3D Whole-Building Energy Simulation (EnergyPlus), CFD Airflow, Daylighting.
Smart Clean HVAC: Radiant Cooling & Heating, Ground-Source Geothermal Loops, High-COP Heat Pumps.
IoT Water Automation: Real-time telemetry, ZLD effluent recycling, and automated water balancing.
Statutory Compliance: Bureau of Energy Efficiency (BEE) ECSBC 2024 & Eco-Niwas Samhita approvals.

3. Key Landmark Project Portfolio

Hyatt Regency Resort (Dehradun) - LEED Platinum hospitality decarbonization with 100 HTS solar panels.
Chitkara University (Rockefeller Block) - IGBC Platinum benchmark with 45% HVAC energy savings.
Hindustan Coca-Cola Beverages (Srikalahasti) - Industrial cleanroom ventilation & process cooling.
State Bank of India (SBI Head Office) - Commercial high-rise hydronic radiant heating retrofit.
Havells India Ltd (Alwar Plant) - 100% Zero Liquid Discharge (ZLD) cloud telemetry.
